

M/J Foundational Skills in Mathematics Grade 7 Warm-Up 7

Calculate:

$$\left(\frac{2}{3} + |-2|\right)^3 / 11$$

$$\left(|\frac{2}{5} - 2| \times 25\right) - 3$$

$$|(-\frac{1}{2})^2| + 5$$

$$5 + |10 + \frac{2}{5} \times 10|$$
